

WINGS STREET MOBILE PREP STATION MODEL #PHWPE, 24x30x80

ASSEMBLY INSTRUCTIONS

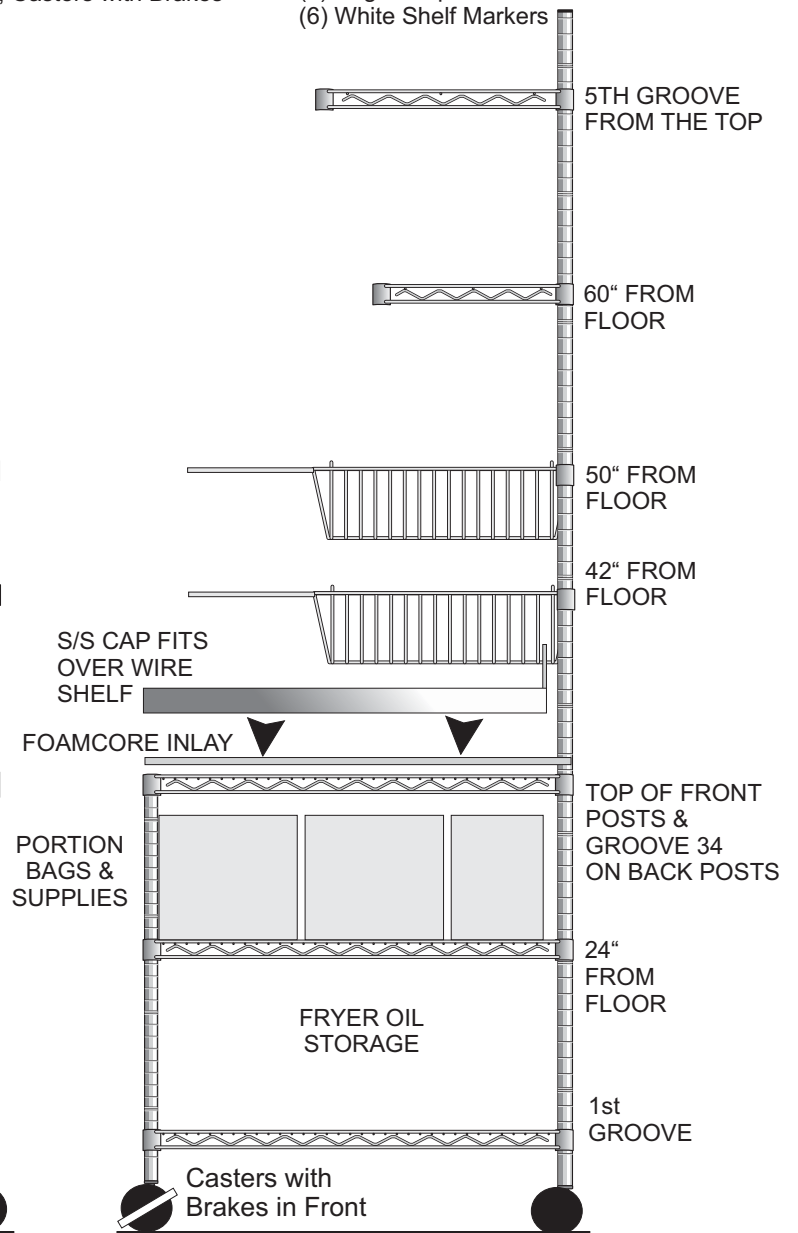

- 1) Place the casters with brakes up the open ends of the 27UPK3 posts (THESE ARE THE FRONT POSTS). Put the remaining casters up the open end of the 74UPK3 posts.
- 2) Place a pair of Split Sleeves on each post in the bottom groove. Put the shorter posts up through the 24" side of a 2430NK3 Wire Shelf. Put the 74UPK3 up through the other 24" side. Secure the shelf in place by tapping each corner.
- 3) Place a pair of Split Sleeves on each post in the groove that is 19" from the floor. Place a 2430NK3 Wire Shelf over the posts and onto the Split Sleeves. Secure in place.
- 4) Place a pair of Split Sleeves on the top groove of the shorter posts and groove #28 of the back posts. Place the remaining 2430NK3 Wire Shelf over the posts and onto the Split Sleeves. Secure in place.
- 5) Place the foamcore filler on top of the Wire Shelf. Place the S/S Cap on top of the foamcore and wire shelf.
- 6) Place a pair of Split Sleeves on the back posts in the groove that is 42" from the floor. Place the Fryer Basket Rail over the posts and onto the Split Sleeves. Secure in place.
- 7) Place a pair of Split Sleeves on the back posts in the groove that is 50" from the floor. Place the remaining Fry Basket Rail over the posts and onto the Split Sleeves. Secure in place.
- 8) Place a pair of Split Sleeves on the back posts in the groove that is 60" from the floor. Place the 1424NK2 shelf over the posts and onto the Split Sleeves. Secure in place.
- 9) Place a pair of Split Sleeves on the back posts in the 5th groove from the top. Place the 1824NK3 over the posts and onto the Split Sleeves. Secure in place.
